

## The Wheeler Way - Curriculum INTENT

Music lessons at Wheeler should inspire children to listen to a wide range of music from a variety of cultures and traditions and to want to perform and create music of their own.

The subject pillars are:

To provide all children with first hand opportunities to listen to and respond to a variety of music from different traditions and times.

To develop the child's ability to control their singing voices so that they can enjoy singing either individually or as part of a group.

To develop skills in playing a range of tuned and untuned instruments.

To develop a musical language, building confidence and competence in composing and performing.

To learn about the importance of musicians from the past and present and the impact they make on society.
