

The Wheeler Way - Curriculum INTENT

PSHE lessons at Wheeler should teach children to be responsible global citizens. To develop the attributes needed to keep themselves healthy and safe, and to prepare them for life and work in modern Britain.

The subject pillars are:

To provide all children with the opportunity to be mindful through Jigsaw lessons.

To allow pupil voice through circle times and the school council.

To discuss up to date news stories and how they impact on those involved.

To have the opportunity to ask questions and have them answered.

To understand how they can directly and indirectly affect their immediate and the global environment.
