

Dear Parents and Carers,

Sports Days

It has been a pleasure to see the children in Yr2, 3, 4, 5 and 6, take part in their sports days this week and also to see you as parents enjoying the events. It has felt like such a long time since we have been able to come together as a community and I want to pass on my thanks for your cooperation by following the safety measures we put in place. Well done to all our children who had such fun and showed us their 'space hopping, egg and spoon and running skills!

Next week will welcome the parents of children in Foundation Stage and Year 1 for our final events, I really hope the weather is kind to us. Please keep an eye on Tapestry, Twitter and Marvelous Me for any late changes due to the weather.

HCAT Birthday Celebrations!

We had a lovely day yesterday celebrating HCAT's 8th Birthday. The children loved their special lunch and sharing their acts of kindness.

FREE Summer Activity Programme – Hull City Council

This year Hull City Council are working with across the city to provide a wide range of holiday activities for children. There are events taking part every day at various locations and cover a wide range of activities. Please use the QR code to find the latest information and book places.

Planned Works

We are having some extensive work carried out over the summer break to improve the facilities for the children. This includes all existing toilets being refurbished and the remodeling of space on the upstairs corridor to increase our toilet cubicles from 2 to 4. We will also be fitting out both Year 2 classrooms with new surfaces and cupboards. This means that school will be a construction site over the summer so unfortunately, we will not be able to provide any school holiday provision during the holidays.

Covid Update

The cases are rising across the city and we know of a number of schools that are now being affected by bubble closures. Please keep vigilant and help us by informing us if your child **is suffering from a** loss of taste or smell, high temperature or cough. Public Health updates tell us that cases are often asymptomatic in younger children.

For any support at any time either call school on 353125 or email us at:

Claire.mudd@hcat.org.uk or paula.scowen@hcat.org.uk

It is also VITAL that you inform us immediately if your child is absent for any reason. We have had to carry out a number of home visits this week because parents have not let us know why their children are not in school and we have been unable to make contact over the telephone.

Our attendance since the return to school in March as a school is: 95.69% which is in line with the national expected standard.

Position	Class	%
1st	Ganges	97.63
2nd	Nile	96.96
3rd	Amazon	96.88
4th	Orinoco	96.87
5th	Yukon	96.65
